Major Requirements
(56 credits)

Free Electives
(4 credits)

Planning and registering for courses using the **academic plan**

- Course planning and registration occurs via the Self-Service Student Planning module. (<https://sss.uarts.edu/student>)
- **My Progress** is a tool in Student Planning that displays degree requirements and tracks degree progress.
- **My Progress** is grouped by requirements, which include one or more sub-requirements.
- Each color on the **academic plan** corresponds to a requirement in **My Progress**.
- **Bolded text** on the **academic plan** corresponds to sub-requirements.
- *Italicized text* on the **academic plan** corresponds to required courses.
- Degree requirements are fulfilled by a combination of required courses, required electives, and free electives.
- In instances where the **academic plan** does not include a specific course students may fulfill the requirement by enrolling in a course that satisfies that sub-requirement as documented in student planning.
- Detailed instructions for using the Student Planning module are published online. (registrar.uarts.edu/studentplanning)

Electives explained

Courses that fulfill elective requirements may range from 1.5-3 credits. Areas listed on this plan displaying 1.5 elective credits may be fulfilled by a 3 credit elective course. The academic plan is a recommended path to fulfilling all program requirements. In conjunction with your academic advisor adjustments should be made accordingly based on recommendations and completed coursework.
