

# CAMD Core Supplies

Below is a list of basic supplies needed for the first week of class. If you already own any of these supplies, please bring them with you. Individual Core Studies faculty will give you specific supply lists for your classes when they meet you for the first time. Please be prepared to purchase supplies at the beginning of the semester. As requested by the instructor, additional supplies will be needed throughout the semester.

Several art supply stores are within walking distance of our campus, such as [Dick Blick](#). Cost of supplies will vary according to the quality of the item.
